

Learn about Dinosaurs

Did you know a new born baby human has a bigger brain than most adult dinosaurs had?

Did you know a T-Rex's front legs were not much longer than a human's arms?

Did you know the largest of the dinosaur eggs were as big as basketballs?

Did you know that dinosaurs ruled the earth for over 160 million years?

The word "dinosaur" comes from the Greek language meaning "Terrible Lizard"

Come join us for an educational trip into the past to discover even more about the dinosaurs who shared our earth!
